Statement on the Sanctity of Life

The Assembly of Canonical Orthodox Bishops of the United States of America affirms the sanctity of life based on the firm conviction that life begins at the moment of conception. The Assembly remains steadfast in its conviction that any interference in the development of life is a serious issue, and therefore it regularly participates in a variety of relevant events and also releases pertinent statements on the topic.

While recognizing that there are rare but serious medical instances where mother and child may require extraordinary actions, the Assembly of Bishops is deeply concerned that the taking of innocent life through abortion has become an acceptable cultural norm. This phenomenon is increasingly prevalent throughout contemporary societies and was exacerbated by a recent law of the New York State Senate (Bill S.240). The Assembly of Canonical Orthodox Bishops of the United States of America categorically denounces these adverse developments that allow for abortion, under certain unjustifiable circumstances, even within the third trimester of existence.

The Assembly of Bishops further reminds the faithful that Christ is a beacon of hope in this challenging world. Accordingly, the Church is always prepared and willing to support women who are considering abortion to find alternative avenues to alleviate any burden, physical and spiritual. The Church is ever a mother and loving, understanding, nurturing, praying, and protecting all human life.
